																				TC-3 • Ambient sensing; • Fixed 35°F set point • 15 Amp	AMC-F5 • Ambient or line sensing • Fixed set point 40°F 22 A at 125/250/480 V	AMC-1A • Ambient sensing • Adjustable set point 15°F to 140°F • 22 A at 125/250/480 V	EC-TS • Ambient sensing; • Adjustable set point 30°F to 110°F • 30 A at 100 - 277 V	SST-2 • Ambient or line sensing • Fixed set point 40°F 30 A at 100 - 277 V; • 30 mA GFEP	LCD-8 • Snow Switch; operates at temperatures below 38°F 16 A @ 100 - 240 V	PD-PRO • Snow and ice controller • Single circuit; 120 V • Works with up to 2 sensors	GF-PRO • Snow and ice controller • Single circuit; • 30 mA GFEP • Works with up to 2 sensors	CIT-1 • Snow aerial sensor	GIT-1 • Gutter sensor	SIT-6E • Pavement sensor
WINTERGARD	120 V; 3 W/ft @ 40°F																													
Description	Catalog #																													
100' TruckPak*	H311100																													
250' Reel	H311250																													
WINTERGARD PLUS	120 V; 6 W/ft @ 40°F																													
Description	Catalog #																													
50' Box	H611050																													
100' TruckPak*	H611100																													
250' Reel	H611250																													
Description	Catalog #																													
50' Box	H621050																													
100' TruckPak*	H621100																													
250' Reel	H621250																													
WINTERGARD WET	120 V; 6 W/ft @ 40°F																													
Description	Catalog #																													
50' Box	H612050																													
100' TruckPak*	H612100																													
250' Reel	H612250																													
500' Reel	H612500																													
1000' Reel	H6121000																													
Description	Catalog #																													
50' Box	H622050																													
100' TruckPak*	H622100																													
250' Reel	H622250																													
500' Reel	H622500																													
1000' Reel	H6221000																													
FROSTGUARD PREASSEMBLED	120 V; 6 W/ft @ 40°F																													
Description	Catalog #																													
6' Length	FG1-6P																													
12' Length	FG1-12P																													
18' Length	FG1-18P																													
24' Length	FG1-24P																													
36' Length	FG1-36P																													
50' Length	FG1-50P																													
75' Length	FG1-75P																													
100' Length	FG1-100P																													
Description	Catalog #																													
6' Length	FG2-6L																													
12' Length	FG2-12L																													
18' Length	FG2-18L																													
24' Length	FG2-24L																													
FROSTEX	120 V; 3 W/ft @ 50°F																													
Description	Catalog #																													
50' TruckPak	5050																													
100' Reel	2102																													
250' Reel	2250																													
500' Reel	2502																													
IN-PIPE	120 V																													
Description	Catalog #																													
Mini 14' - 34'	see price list																													
Miser 14' - 240'	see price list																													
Retro 40' - 150'	see price list																													
Description	Catalog #																													
Retro 160' - 250'	see price list																													
ELECTROMELT	208 – 277 V																													
See price list for the multitude of SKUs depending upon project needs																														
MI	120 – 600 V																													
See price list for the multitude of SKUs depending upon project needs																														

\*WinterGard TruckPaks contains 100 feet of heating cable, two H900 Hardwire Power Connection Kits, one H910 Splice or Tee Kit, and one H903 roll of Application Tape.  
\*\*Although these can work with Roof & Gutter applications, they are ambient-sensing only. The PD-Pro & GF-Pro are more ideal because they work with snow and gutter sensors.

Pipe - Pipe Freeze Protection; R&G = Roof & Gutter De-Icing; SM = Surface Snow Melting.
